

Pro Bono Champions

About the role

- Pro Bono Champions play a crucial role for Advocate as a key point of contact for us with sets of Chambers.
- The role makes a huge difference to how Advocate is able to engage with Chambers and to the lives of many vulnerable people who would otherwise go without the support of a barrister.
- Through regular feedback provided by Advocate and internal discussions, we hope that Pro Bono Champions will be aware of how much pro bono Chambers is doing, and have a plan for how they will encourage members to take on pro bono work.
- The Advocate team are in touch monthly with resources that you can send around Chambers, and ideas of how to encourage pro bono in Chambers.
- You can get in touch with Advocate at any time if we can help with anything related to pro bono cases in Chambers or your role.
